

Minneapolis has a wealth of creativity and artistic talent. Art Force's Subscription Program introduces visitors of the Minneapolis Convention Center to rich artistic offerings from local visual artists living and working in Minneapolis.

Artwork was collected through an open **Call for Artists** with specific parameters in alignment with the City of Minneapolis Public Art Policies & Procedures Guide and the Minneapolis Arts Commission Selection Process. All images received were reviewed by a committee of panelists who were appointed by the Office of Ward 7 Council woman Lisa Goodman, Citizens of Loring Park Community and the Minneapolis Arts Commission.

About Art Force

We combine art consulting and project management to create breathtaking art installations for corporate, healthcare, and real estate projects nationwide.
